Career Objective

Full Stack Developer with hands-on internship experience building scalable web applications using React.js, FastAPI, MongoDB, JavaScript, and Python. Passionate about developing efficient backend systems and responsive user interfaces.

Experience [Link](#)

Software Developer Intern – [NAVA SOFTWARE SOLUTIONS] Dec 2025- March 2026

- Developed an HR Employee Management & Login System using React.js, FastAPI, and MongoDB with secure authentication features.
- Built and integrated RESTful APIs for user registration, login, and employee management functionalities.
- Designed and developed a To-Do List application with complete CRUD operations.
- Integrated React frontend with FastAPI backend APIs to ensure smooth and responsive user interaction.
- Managed MongoDB collections and optimized database operations for efficient data handling.

Skills

- **Programming Languages :** Python, JavaScript, TypeScript, SQL
- **Frontend Technologies :** HTML5, CSS3, React.js, Next.js, React Hooks, Responsive Web Design
- **Backend Technologies :** FastAPI, REST API Development
- **Databases :** MongoDB, MySQL
- **Tools & Concepts :** Git, GitHub, Docker, CRUD Operations, API Integration
- **Soft Skills :** Problem Solving, Critical Thinking, Time Management, Team Collaboration

Projects

- **Tic-Tac-Toe | Python**
Developed an interactive Tic-Tac-Toe game using Python, implementing game logic , win/draw conditions, and user interaction. Focused on Problem-Solving, control flow , and enhancing programming logic through a simple interactive project.
- **Hr-Employee Login System | React.js . FastAPI . MongoDB [Live](#)**
Developed a web-based application for managing employee authentication and HR operations. Implemented secure login functionality, employee profile management, and admin controls for adding, updating, and deleting employee records using modern web technologies.
- **To-Do-List | React.js . FastAPI . MongoDB [Live](#)**
Developed a task management web application that allows users to add, edit, delete, and track daily tasks. Implemented interactive UI and data persistence using modern web technologies to enhance user productivity.
- **SlickBot Website Clone | React.js • HTML • CSS [Live](#)**
Designed and developed a responsive frontend website inspired by the design and layout of SlickBot.com using React.js, HTML, CSS, and JavaScript. Focused on responsive UI design, reusable components, and modern web aesthetics.

Certifications

- Python : Udemy Python Course, HackerRank(Basic)
- SQL : HackerRank(Basic), HackerRank(Intermediate)
- Prompt Engineering : Simplilearn
- Introduction to ChatGpt AI : Simplilearn
- Generative AI : Simplilearn

Education

B.Tech :	Siddharth Institute Of Engineering and Technology, Puttur (2022-2026)	CGPA 8.65/10
XIIth :	Sri Chaitanya Junior College, Tirupati (2020-2022)	CGPA 9.1/10
Xth :	Balavikas EM HIGH School, Kadapa (2019-2020)	CGPA 9.7/10

Interests

- Watching Movies
- Farming

Languages

- English and Telugu
